9:00 AM to 10:30 AM

Location: Meridian City Hall

Attendance:

Dan Narsavage	Eric Wing
Joey Diehl	Karla Baker
Mike Hickok	Stacey Shaffer
Gail Jorgenson	Doug Green
Geoff Klein	Robin Jack
Travis Tyson	Ryan McDaniel
April Wing	

- **Minutes**

- Eric W. motioned to approve February's minutes, Dan N. seconded. Approved.
- Dan N. motioned to approve February's minutes, Eric W. seconded. Approved.

- **Introduction / Announcements**

- None

- **Geocortex User Group – Gail**

- Possible participants (who is using it?) Boise, Ada, Idaho Military, ACHD, others?
- Thoughts/Discussion – if you are interested in joining a user's group, email Gail. She will contact the Geocortex person for more interest.
- This groups will be separate from SIG

- **Change Management Request – Travis and Dan**

- Updated Road Centerline dataset to accommodate new CAD software
 - New Tritech CAD software slated to go live 2016
 - Can expect other attribute changes for Tritech, but most will be managed by Travis in a related table
- See handout
 - Field name not changing, just values for FT → F, TF → T, null → B
 - Change approved by group consensus
 - For questions please contact Travis or Dan
- Question about adding trails to centerline from TriTech meeting
 - Dan – this is on the wish list, but not ready to implement at this time, huge project
 - Travis – Jay from Canyon County has included the trails into their centerline file

- **SIG Website Update - Eric**

- New planned release date
 - Boise ITAPS got bombarded with high priority project and has had to put off the website upgrade, will have a confirmed release date by end of July, looking like around September
- Plans for the meantime
 - Geoff will update the old web site
 - Lots of invalid requests to join

- **Storm Drains Collaboration**

- Ada County Mosquito Drop Inlet mapping
 - Siphons read problem, looking for information
 - ACHD had storm drain layer but questions its accuracy, contact Sharon at ACHD
 - Boise will have layer in future for city owned and commercial property, but has nothing mapped yet.
- Other uses/ available data
- **ESRI Conference**
 - Update on who is going / travel plans
 - Recommendation to use schedule app and have back up plans, pay attention to where the classes are in conference center
 - Other conferences worth noting – none mentioned
- **Round Robin**
 - Ryan
 - Aerial LiDAR project, options to become partners (ACCEM, FEMA, etc)
 - By Quantum, fly in fall '14 or spring '15 plus 6 months processing
 - If interested contact Crash at ACCEM
 - Updating LiDAR, Vector, Imagery inventories
 - Most data publically available
 - Lower Boise map project
 - AHMG plan for Ada available
 - Levy certification issues
 - BHS online viewer
 - TVC Partnership – meeting Monday at Idaho Power
 - ICRMP – government buildings mapped, possible data source
 - Joey
 - Inquired on how Boise was coming along with NHD editing, Emily will take class in July and will start editing after that
 - Warning of QC process when checking data back in
 - Ryan mentioned that the LiDAR project might be helpful in editing the NHD
 - Inquired if anyone was using 3D
 - Doug
 - Public records requests, lawyer interpretation of what has to be disclosed
 - Different agencies appear to have different interpretations of what has to be disclosed
 - Ryan said he has laws and fines, “disclosure exempt” and “refer to originator”
 - Geoff
 - Using quantum open source software
 - Building python based applications
 - Have been pleased with results
 - McCall SWIG
 - Attended by 21 people
 - Well received
- **Next Meeting**
 - TBD
