• **City of Boise's Open Data - Jim**

- Jim walked us thru the website on how to set up our own Open Data site and showed us some of the data sets City of Boise currently has posted on the site.
  - Open Data allows organizations to use the ArcGIS platform to provide the public with open access to their authoritative data. Organizations configure a website with their own look and feel and specify Open Data groups to share specific items. The general public can use Open Data sites to search by topic or location, download data in multiple formats, and view data on an interactive map and in a table. Additional information on Open Data Site can be found at <http://doc.arcgis.com/en/open-data/>

• **Round Robin**

- Compass – Outreaching to various member agencies on how Compass can help them meet their needs.
- Ada County Assessor's Office – Busy with updating property tax and met with ACHD to discuss possible changes to the ACHD\_ROW feature class.
- Mike H. requested to be included in the Geocortex User Group email. I have forwarded this information to Gail J.
- Ada County Sheriff's Office – Brought up issues concerning the discrepancies in defining city limits. No standard for city annexations.
- City of Boise –WKID for Ada County will be included in ArcMap 10.3.1 release.

• **Closing**

- Karla adjourned the meeting as 10:30am
- Next meeting scheduled for May 21<sup>st</sup> at ACHD auditorium.
