Discussion on the SIG Survey

- It was decided, based on the results of the survey that SIG will continue in its current form.

Presentation by Emily Dixon from the City of Boise

- Emily spoke about an interactive map for the Boise Fire Department using Interra Software.
- This map can be updated in real-time in order to aid the firefighters in getting to emergencies or to better understand the layout of buildings they are entering.
- All Fire Fighters have permission to edit information.

Presentation by Matt Hoffman from the City of Meridian

- Matt spoke about creating a story map of art around the city for the Meridian Art Commission.
- There are many ArcGIS Online Templates available for use right out of the box.

Presentation by Katey Jones from the City of Meridian

- Katey spoke about how the city created a web map to track complaints made concerning water quality. The map tracks complaints made during the week in order to help the water department better address areas of concern.

Presentation by Stephen Hulbert from the City of Meridian

- Stephen spoke about how the city created a map to display current and future Capital Improvement Projects, similar to the RITA web map created by ACHD.
